# COURSES *Offered*

## **Foundational Education** (Pre-Kindergarten to Class II)

The National Educational Policy 2020 envisages education of children very early, as early as the age of 3 years. It is in the early years that the foundation for all future learning is laid. It is said that children learn more in the first six years than in the rest of their lives. Our school is well equipped to begin the "foundational education" through Pre-Kindergarten and Kindergarten to Class I & II, and thus to give the best possible start for later stages of education. Class I & II are very important years of schooling, and it is during these years that children learn the basic concepts which will be the cornerstone for the edifice of further learning. Parents are therefore exhorted to support their children especially in this foundational stage of learning.

# Parent Testimonials

We decided to enrol our daughter to Class 11 in St Aloysius Gonzaga School after her initial schooling in Madikeri and we are happy about our decision. My daughter stays in the hostel, though this was her first experience, away from home, she has been very happy. Thanks to the good experienced teachers she has not felt the need to attend any extra classes outside school. The school maintains a very good balance between academics and extracurricular activities. This boosts the children's confidence, teaches them to work in groups and to handle winning and losing with dignity, which in turn helps them to face challenges later in their life. The school's commitment to fostering a well-rounded education is impressive.

**Mayura Appanna, Parent of Class XII Student**

We feel privileged to share this testimonial about St Aloysius Gonzaga School where our son (Class VIII) and daughter (Class II) are currently studying. Our journey with this esteemed institution has been truly wonderful. This institution has given our kids a platform to explore multiple facets of their personality - both in academic and in extra-curricular activities. The commitment shown by the teachers, the state-of-the-art facilities, and emphasis on values have had a profound impact on our kids. We are truly grateful to St Aloysius Gonzaga School for shaping our kids into a responsible and confident individual. It is indeed an apt place for a child's holistic development.

**Dilesh Dattani, Parent of Class II and Class VIII Students**

As a parent, I take this prospect to thank the principal and teachers of SAGS for their endless care, help, collaboration, and most significantly patience. My son is gifted to be with this stunning bunch of teachers. I selected this school for my son Ruhaan with the anticipation of offering him the finest possible schooling and exposure to extra-curricular activities. The learning experiences are exceeding my expectations. I witnessed that he has evolved to be more creative, disciplined, and inquisitive while doing all his activities and his confidence has remarkably enhanced. I am highly obliged to have my son studying at SAGS. Thank you, teachers, for your perseverance, quality care, willingness, diligent efforts, and passion. I wish the entire SAGS team all the best in all their future endeavours.
